WORK EXPERIENCE

Desktop Support Engineer

Digitide Solution LTD, Amritsar | May 2025 – Present

- Provided Level 1/2 technical support by troubleshooting **LAN, Wi-Fi, VPN, TCP/IP, DNS, DHCP, internet connectivity**, and end-user device issues through on-site and remote support.
- Installed, configured, and deployed desktops, laptops, Windows operating systems, peripherals, and business applications.
- Supported employee onboarding and offboarding, maintained technical documentation, ensured compliance with IT security policies, and escalated complex technical issues to appropriate support teams.
- Diagnosed and resolved hardware and software issues involving desktops, laptops, **printers**, scanners, Microsoft 365, Outlook, and enterprise applications.
- Enrolled, configured, and managed Android and iOS devices through **Microsoft Intune/Company Portal (MDM)**, including email, Wi-Fi, VPN, and corporate applications.
- Provisioned and deployed Windows devices using **Windows Autopilot**, ensuring seamless endpoint setup and configuration.
- Analyse **event logs and performance metrics** to identify root causes and prevent recurring issues.
- Resolved incidents and service requests using ServiceNow, consistently meeting SLA targets while performing security updates, preventive maintenance, and IT asset management.
- Handle **large volumes of tickets per shift** across chat, phone, and email channels while maintaining SLA compliance.

IT Support Associate

MSL Learning System PVT. LTD, Amritsar | Oct 2021 – Sep 2024

- Provided **real-time chat and call-based technical support** using **Zoho Assist**, resolving issues for students, faculty, and administrative staff.
- Managed **ServiceNow tickets** with 95% SLA compliance, ensuring timely and accurate resolutions.
- Oversaw lifecycle of **software licenses**, achieving 100% vendor compliance and reducing IT costs by 15%.
- Optimized **ServiceNow SAM workflows**, improving license tracking accuracy by 20%.
- Delivered technical support for **200+ students per exam session**, ensuring secure and disruption-free environments.
- Supervised online proctoring systems, reducing exam interruptions by 25%.
- Trained students and faculty on digital exam platforms, reducing support requests by 30%.

IT SUPPORT & LAB INSTRUCTOR

Khalsa College, Amritsar | Aug 2019 – Sep 2021

- Provided technical support for desktops, laptops, peripherals, Windows systems, applications, and campus IT infrastructure.
- Troubleshoot LAN/Wi-Fi connectivity and common hardware and software issues.
- Installed and configured operating systems and applications and maintained reliable lab environments.
- Delivered IT training to staff and students, improving digital literacy and reducing support dependency.
